We appreciate your expression of interest in bidding the St. Elizabeth's Interior Renovations and look forward to receiving your bid.

There are some minor revisions to the tentative Invitation to Bid you received from us last week. The final Invitation to Bid will include the following dates:

- Bid Documents will be available after 2:00pm on Wednesday, April 8th, not the 7th as originally indicated.
The pre-bid meeting at the site will be held at 2:00pm on Thursday, April 23rd, not the 22nd as originally indicated.
Bids will be due at 2:00pm on Thursday, May 7th, not the 6th as originally indicated.

The documents for the Bid Alternate, the construction of an outdoor pavilion, will not be included in the initial bid package. We expect to issue an addendum incorporating the documents for the alternate on April 15th.

Based on everyone's reported level of comfort with electronic document distribution, the documents will be posted for your access on our file exchange server the afternoon of April 8th. We will send two sets of paper documents to your attention by Federal Express for delivery the next day. If you prefer to pick up the hard copy documents at this office, please advise.
